PTO NEWS

Our next PTO meeting will be held on
Monday, April 13, 2009 from
6:30-7:30 pm.

Thank you to the many H-L parents that donated bake goods for the Outdoor Education Bakery Bingo held on March 7th. Bakery Bingo was a huge success due to teachers, volunteers and parents.

Also a big "THANK YOU" to everyone who sold raffle tickets for Bakery Bingo. The Winning Class for the most tickets sold was Mrs. Jordan's!

The top 3 sellers were:

Sierra Beers, Hannah Russell and Alyssa Naus

They will receive a \$5.00 Family Video Card.

Other sellers were also awarded coupons.

CONGRATULATIONS!

ELEMENTARY PE
"RUN FOR HEART HEALTH" 2009

Grades 3 through 6 participated in a fund raising event during the week of February 16th for the American Heart Association. The project was called "Run for Heart Health." Students were asked to collect donations to benefit both the American Heart Association and our school. During their PE class, students participated in a team run, where they attempted to run more laps than other classes in their own grade. Winning classes were awarded an extra day of PE class.

The top fundraising class was treated to pizza and "Glow Bowling" in our gym. Seneca Lanes donated free game coupons for us to hand out at the "Glow Bowling" party. We were able to raise \$1,757.00 this year and this also enabled us to earn \$100.00 worth of PE equipment.

Personal thanks go out to Deb Clouse and Libby Beisner for helping out during class and Seneca Lanes.

Thank you to all who participated in making our event successful for all.

Parent Reminder:

During the week of testing
(April 21–28)

Please make sure your child(ren)

Have plenty of sleep

AND

Eat a good breakfast.

Together, let's help them do their best!

Welcome!

We would like to welcome Mrs. Tonya Brickner to our office as the new secretary. She comes to us with several years experience from the Lakota Board Office and Millersville St. Mary Elementary School. Be sure to stop in and introduce yourself and say "Hello."

FIFTH GRADE NEWS

Fifth grade students have been hard at work learning about the branches of government. With today's current events, it has been exciting and easy to tie the different levels of government with how it affects the students. Students have done a fantastic job presenting their state projects as they learn about the fifty states and their locations. To celebrate President's Day, the fifth grade welcomed Mr. Hall into our classroom as he presented his personal connection to President Lincoln. In addition, we are learning about the history of the United States through all the different wars. The next war that we will be focusing on is the war that united our country, Civil War.

In Language Arts, students will be writing and presenting persuasive points of view. Ms. Rumschlag's class will soon be diving into historical fiction chapter books. We can't wait to learn about history through personal experiences from the chapter books.

In Math class everyone is doing a great job learning how to add and subtract fractions. We are learning different ways to find common denominators, such as using a slide ruler, using clock fractions, and most of our favorites- multiplication! The classes are looking forward to learning about exponents, powers and scientific notation.

In Science students are inquiring about all the planets in the universe. Next up will be a unit on how to save our environment by using the 3 R's reduce, reuse, and recycle. Finally just a reminder to parents the science fair projects are due the last week of March with a more specific date coming later.

As the Ohio Achievement Test vastly approaches us, students will be reviewing all the skills that they will need to know to be successful. The fifth grade teachers would like to thank all those parents that work with their child in the evenings. Without your help our students wouldn't be as successful as they are. Thank You!

Mr. Otterbacher, Ms. Rumschlag, and
Mr. Snyder
